2 Our approach

Nothing is removed from a client's vehicle. This protects our clients and keeps a clear record of what was in the vehicle when we worked on it.

3 Clean bag at the start and end

We arrive with a clean, empty vacuum bag and leave with one as well. Every service visit begins and ends with a clean, empty bag.

4 Material collected

All material collected during vacuuming, including dust, debris and any items found, is sealed in a fresh bag and left on the vehicle seat for the client to inspect or dispose of.

5 Between vehicles

Nothing is carried from one service visit to the next. This reduces the risk of cross-contamination between vehicles.

6 Questions

If you think something has been left in or taken from a vehicle, email info@mobilemintcarcare.com and we will look into it.

7 Review

We review this policy at least once a year.
